

DIY FRUITFUL CREATOR BUILDING BLOCKS

Build big, play fruity! With the DOLE® DIY Fruitful Creator Building Blocks, pixel-powered creativity comes together one block at a time. Print, cut, and fold your own mini paper blocks, each featuring fun, pixelated fruit designs, then arrange them into colorful shapes and patterns. Looking for inspiration? The Building Block Blueprints page features playful layout ideas you can recreate, like a banana, pineapple, flower, tree, and heart. Create the designs you see or dream up something totally new because when you're creating with DOLE®, every block adds a burst of fruity fun!

INSTRUCTIONS:

- 1 Cut on the solid lines.
- 2 Fold on the dashed lines.
- 3 Apply glue or tape to the small flaps.
- 4 Fold & press the flaps inward to hold the block together.
- 5 Make more blocks & start creating!
