

BANANA FORTUNE TELLER

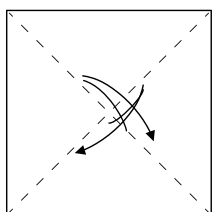

Introducing our Banana Fortune Teller! This delightful origami creation is packed with fruity fun and whimsical surprises. From banana-inspired affirmations to bunches of positivity, each fold reveals a sweet fortune guaranteed to bring a smile to your face. Perfect for spreading joy and laughter, our Banana Fortune Teller is the perfect way to add a touch of fruity fun to any occasion!

How to Fold the Fortune Teller:

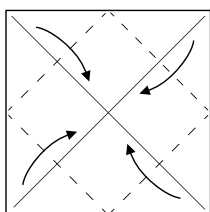

- 1 Start with a square piece of paper: Ensure that your paper is square. If it's not, you can trim it to make it square.
- 2 Fold the paper diagonally: Fold one corner of the square diagonally to the opposite corner, creating a triangle. Make sure the edges align neatly.
- 3 Unfold the paper: Open up the triangle back to a square shape.
- 4 Fold the paper diagonally in the opposite direction: Fold the paper diagonally from one corner to the opposite corner in the opposite direction, creating another triangle.
- 5 Unfold the paper again: Open up the triangle back to a square shape.
- 6 Fold the corners to the center: Take each corner of the square and fold it towards the center point, creating a smaller square.
- 7 Flip the paper over: Turn the paper over so that the folded corners are facing down.
- 8 Fold the corners to the center again: Repeat step 6 by folding each corner of the square towards the center point, creating an even smaller square.
- 9 Fold the paper in half: Fold the entire square in half horizontally and vertically, so that the corners with the written numbers or colors are on the outside.
- 10 Insert your fingers underneath the flaps: Slide your fingers underneath the four flaps of the fortune teller. You should have four flaps labeled with different colors on the outside, facing up.

How to Play:

Cut along solid line 

- 1 Choose a color or number: Ask someone to choose a color or number from those visible on the outside of the flaps.
- 2 Move the fortune teller accordingly: Open and close the fortune teller by alternating pinching movements with your thumb and index finger. Count the number of bananas, or the letters which spell the color chosen by the person, opening and closing the fortune teller that many times. For example, "B-L-U-E" would be opened and closed 4 times, and "G-R-E-E-N" would be 5 times.
- 3 Choose a number: After the counting is done, ask the person to choose a number from the ones visible inside the fortune teller. Open and close the fortune teller that many times. Finally, ask the person to choose one last number.
- 4 Open the flap and reveal the fortune: Lift the flap corresponding to the final number chosen by the person to reveal their fortune or a message written underneath!
